

<b>Job title</b>	<b>Financial Business Analyst (Treasury)</b>
<b>Location</b>	<b>Thailand</b>
<b>Experience</b>	<b>0-2 years</b>
<b>Type</b>	<b>Full Time</b>

### Company Description

Upskills provides expert financial software consulting for investment banks and leading financial institutions in Asia Pacific, Middle East and Europe region. With a strong, Front to Back expertise of the cash and derivatives markets, coupled by an in-depth knowledge of financial markets technologies, we provide smart, business-wise and efficient solutions.

### Responsibilities

As part of the position, you will be embedded with our clients team and working on various projects in the Capital Market, Trading System, Business expertise and support.

The program starts with a **3-months evaluation period**. You will first be assigned to a project to manage and follow a stream that suits your profile and interest.

#### Possible project assignments:

- Front-Office: Pricing Models Validation, Deal Capture Tools configuration, Risk Monitoring/Control workflows, Streamlining processes for new products
- Middle-Office: Risk Management, Market Risk, Credit Risk, VaR, Stress-tests and Backtesting,
- Back-Office and Processing: Implementing the Deal Life Cycle in a BO system. Validation, Confirmation and Settlement of Documents
- Finance and Product Control: Accounting, PL computation and reconciliation, Valuation Models settings, Yield curve construction, Off-Markets Checks.

Upon successfully completing the evaluation period, you will embark on more challenging projects within Upskills.

### Requirements

- Bachelor or Master Degree Holder, preferably from Financial Engineering, Banking and Finance, Computer Science, Information System or Business disciplines.
- Able to communicate well in Thai and English
- Fresh graduates are welcome to apply.
- Knowledge on financial products such as forwards, futures, swaps, bonds and options
- Strong analytical thinking skills and proactive with the ability to deliver tasks on-time.
- Experience in SQL / Excel VBA will be advantageous
- Highly committed and motivated to learn in the Financial Market
- Previous banking experience or knowledge of Treasury Products or Treasury System (Murex, Calypso, SunGard, etc.) will be an advantage.
