

Mahidol University Postdoctoral Fellowship Program

Mahidol University will award postdoctoral fellowships to recent Ph.D's, both Thai and non-Thai residents, to develop their skills with leading research groups of the University. Candidates must receive their Ph.D. degrees from a recognized university within the past 5 years.

Applications have to be made on behalf of the postdoctoral researchers by the eligible supervisors who will administer the research projects. The fellowship duration is one year and can be extended subject to the performance and academic productivity of the research.

Applications will be accepted **3 times** a year

The **first** deadline: by 31 March

The **second** deadline: by 31 July

The **Third** deadline: by 30 November
